Solved problem:

1, GPS version, send GPS information automatically, sometimes comes with the problem of PTT can't transmit

2, The frequency band setting problem

Firmware description:

Following two are for the version of 120.000 contacts

RT3S(CSV-GPS)-P19.06.bin(start from P) for GPS version for RT3S GPS version

RT3S(CSV)-V19.06.bin(start from V) for common version for RT3S No GPS version

Upgrade step:

Simultaneously press side key 1 and PTT key to turn on the radio, the indicator blinks and open upgraded software

And then click the "Open Update File" button to select correct Update file，then click the "Download Update File" button to update, the radio will be upgraded as following:

## Software description:

1. Login to the official website：https://www.retevis.com/

2. Move the mouse to "SUPPORT" and select the drop-down menu "Resources", then find the RT3S programming software and firmware click to download
